**PARKS & RECREATION ADVISORY COMMISSION
REGULAR MEETING MINUTES**

Thursday, June 17, 2021

The Stafford County Parks & Recreation Advisory Commission held its regular monthly meeting Thursday, June 17, 2021, at The George L. Gordon, Jr., Government Center. The meeting was called to order at 7 PM by Jay Rucker.

SILENT ROLL CALL

David Osborne	P				
Jay Rucker	P				
William Young	P				
<i>Bart Randall, PC</i>		<i>P</i>			
<i>Susan Randall, SB</i>		<i>P</i>			
Voting members in bold					

APPROVAL OF MINUTES

- The minutes from the May meeting were unanimously approved.

PRESENTATIONS BY PUBLIC

- None.

NEW BUSINESS

- Sports Division Overview (Daren Hamm, Recreation Manager)
Daren Hamm presented a PowerPoint introducing Sports Division staff and recreational programs offered by the Sports Division. Programs include youth and adult leagues, special events, and camps. He and his staff are also looking in the growing area of eSports. This division also handles facility rentals for indoor and outdoor areas.

UNFINISHED BUSINESS

- Basketball Courts
Mike Morris distributed a list of basketball courts in Stafford. Bart Randall said the Sheriff's Office has statistics on outdoor basketball courts and concerns with adding more courts. Mr. Randall suggested half-courts be considered, but not in isolated parks/areas. He said the court the Autumn Ridge HOA installed and schools' courts are very well done. Eric Futrell said he would like to see the statistics the Sheriff's Office has on full courts versus half-courts, as he is in favor of full or $\frac{3}{4}$ courts. Mike Morris said staff will talk with the Sheriff's Office, obtain any information on issues and/or recommendations and provide an update to the Commission.

- Destination Playground

Susan Randall recommended PRCF staff to consult with Dr. Hammer with Stafford County Public Schools' Special Services regarding the inclusive area of the proposed playground.

Will Young said he has the playground plans for McLean, VA, and information about the developer of similar parks, which he will send to the Commission. He suggested the Commission take a field trip to McLean to see their park before the next meeting.

Much discussion ensued regarding a proposed playground and what the Commission's role is in the recommendation. Bart Randall urged the Commission to create subcommittees, put a plan together, and recommend it to the Board by the end of August.

The Commission agreed the following areas need to be included in the proposed playground: splash pad, area for children ages 2-5, area for children ages 6-12, and an adaptive area.

LIAISON REPORTS

- Planning Commission Liaison (*Bart Randall*)
None.
- School Board Liaison (*Susan Randall*)
Ms. Randall asked why the schools pay for PRCF fields, but PRCF does not pay for using school properties? Mike Morris said PRCF pays for supervision and custodial fees when school property is used, and PRCF charges for supervision and custodial fees when SCPS use PRCF space, per the Cooperative Facility Use Agreement with SCPS.

Mike Morris asked why schools don't have middle school baseball? Ms. Randall said it's because SCPS has to balance Title IX sports.

COMMISSION MEMBER COMMENTS

- Vincent Applewhite asked to revisit the light show proposal and asked Mike Morris to submit the proposal to the County again in August.

STAFF REPORTS

- No questions.

DIRECTOR'S REPORT (Mike Morris)

- A groundbreaking ceremony will be held at Musselman Park on Saturday, 6/26/21, at 10am; a trail and parking lot will be built there for approximately \$150,000.

ADJOURNMENT

The meeting adjourned at 9:05 PM.

June 1, 2021

Mr. Michael A. Morris, Director
Stafford County Parks and Recreation
P.O. Box 339
Stafford, Virginia 22554-0339

Dear Mr. Morris,

We, as the beneficial and registered owners of certain land in Stafford County Virginia, described in the attached copy of the tax record, provided by the Deputy Commissioner of the Revenue, intend to unconditionally donate this 1.8 acre property to the Stafford County Parks and Recreation Department. We confirm that our decision to donate has been freely and voluntarily made by us.

We understand our intent to donate this property is subject to acceptance by the Stafford County Board of Supervisors. We understand that the County of Stafford will endeavor to incorporate it into the preexisting Smith Lake Park.

Sincerely yours,

Barbara Florence Gallahan

Subject: Park recommendations

Parks and Recreation Commission,

Stafford needs a destination park that provides a playground for all age groups and levels of physical ability. All of my research has pointed to budget and location as being the first things to consider when designing a park. The commission has been given neither of these so specific design can not be determined without consulting with playground manufacturers and installation professionals. The below are general categories of equipment for each of the 4 main areas of the park that I feel should be included.

2-5 year old area

Swings

Climbing structure

Slide

Activity panels

Shade structure

5-12 year old area

Swings

Climbing structure

Slide

Shade structure

Inclusive area

Adult swings

Accessible swings

Accessible structure

Sensory panels (texture/sound)

Shade structure

Splash Pad

No standing water

Misters

In ground bubblers

(More of a cooling off spot than a water park)

Overall Park

Small pavilions (minimum of two)

Large pavilion (minimum of one)

Wide pathways to accommodate wheelchairs and strollers

Benches (wheelchair parking areas around benches)

Poured rubber surface in all play areas

Additional handicap parking spaces
Restrooms to include an accessible “family” room

Respectfully,

Jay Rucker
Stafford Parks & Recreation Commission
