

Consider a Restricted Parking Area in the Leeland Station Subdivision

July 10, 2018

Background

- In April 2018, Stafford received a petition from the Leeland Station Community Association (“Association”) requesting the establishment of a restricted parking area within the Leeland Station subdivision
- The Association adopted a Certificate of Resolution which requests all streets within the subdivision be designated under a restricted parking area
- All identified streets met the definition of a “public highway” as defined in Stafford County Code Sec. 15-55

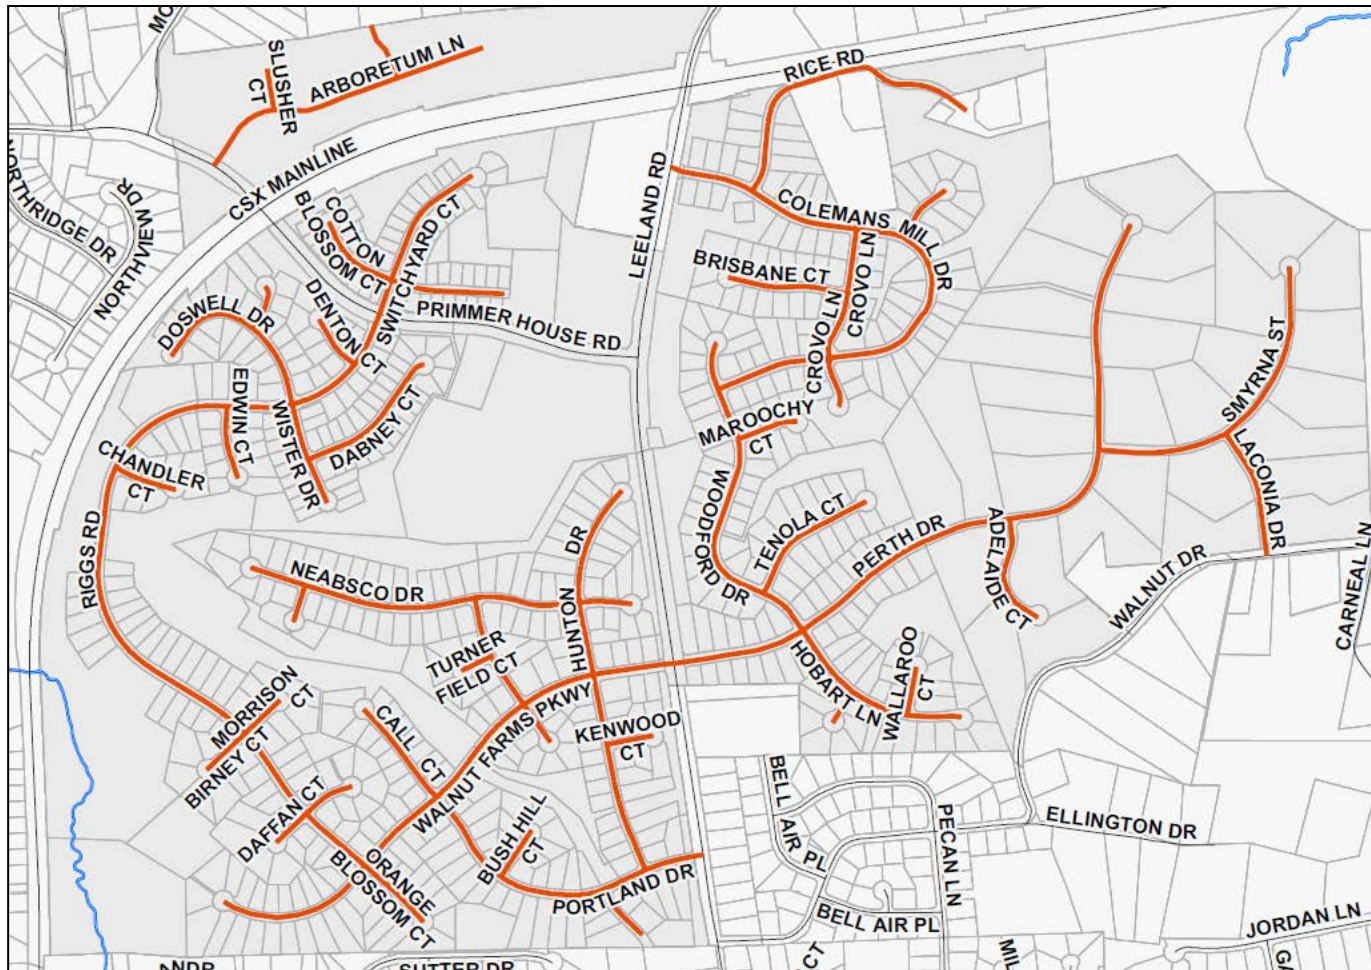

Background

- The Board authorized a public hearing at its June 5, 2018 meeting for further consideration of this requested restricted parking area
- Advertisement for this public hearing ran in the Free-Lance Star on June 26th and July 3rd
- If approved by the Board, County Code Sec. 15-56, entitled “Designation of restricted parking areas,” would be amended and reordained designating the requested streets within the Leeland Station subdivision under a new restricted parking area
