NOTICE

Stafford County treats all applications and applicants equally. The County does not discriminate against religion, or on the basis of race, sex, age, national origin, or disability, in its planning, permitting, utilities, and land use processes.

Under the laws of the United States and the Commonwealth of Virginia, no government may discriminate against any religion or on the basis of race, sex, age, national origin, or disability, in its planning, permitting, utilities, and land use processes.

Under the Religious Land Use and Institutionalized Persons Act (“RLUIPA”), no government may apply its zoning or land use laws, or its policies and procedures in a manner that unjustifiably imposes a substantial burden on the religious exercise of a person, assembly, or institution.

RLUIPA also provides that no government may apply its zoning or land use laws in a manner that treats a religious assembly or institution on unequal terms with a non-religious institution or assembly.

Finally, RLUIPA provides that no government may impose or implement a land use regulation in a manner that discriminates against a religious assembly or institution.

Stafford County does not discriminate in its planning, permitting, utilities, and land use processes, practices, and policies. Stafford County treats all applications and applicants equally.

Background and Process Information

Conditional uses are uses which are generally compatible with the other land uses permitted in the zoning district but require individual review for their intensity, location, design and configuration. Conditions are imposed by the County in order to ensure the appropriateness of the use at a particular location.

Conditional Use Permits may be approved upon a finding by the Board of Supervisors that the use will not be detrimental to the character and development of the adjacent land and will be in harmony with the purpose and intent of the zoning ordinance. Applications for conditional use permits must be submitted to the Department of Planning & Zoning.

Each application for a Conditional Use Permit is forwarded to the Planning Commission for consideration. The Planning Commission will hold a public hearing on the application.

The applicant is required to attend this public hearing. After the public hearing, the Planning Commission forwards a recommendation to the Board of Supervisors.

The Board of Supervisors will hold a public hearing on the application. The applicant is required to attend the public hearing. The Board may approved or deny the request for a permit. Should the Board approve the permit, they may designate conditions which, in its opinion, will mitigate the impacts of the requested conditional use.

Conditions may be established to:

1. Abate or restrict noise, smoke, dust or other elements that may affect surrounding properties.
2. Provide for adequate parking, ingress and egress to public streets and roads.
3. Provide adjoining property with buffers or screening to mitigate visual and/or noise impacts.
4. Establish setback, side or rear yard requirements necessary for orderly expansion and to prevent traffic congestion.

Amendments to Approved Conditional Use Permit Conditions:

Any previous approved conditional use permit may be revised by the Board of Supervisors following a public hearing. Minor Amendments shall be allowed subject to the following requirements:

1. No more than two permit conditions can be changed at the time of request
2. Changes do not materially affect site layout

Conditional Use Permit Amendments are subject to the standard Conditional Use Permit fees. Minor Amendments are subject to the Minor Amendment fees in Section 2 of the Application Review Fees Calculation.

Conditional Use Permit Application Instructions

1. The applicant must meet with a Planner prior to submitting an application. A preliminary conference regarding the application may be scheduled with a Planner.
2. Fill-out, sign and date the application form. If the applicant is not the property owner, attach a notarized letter of consent from the property owner authorizing the applicant to act as the owner's agent for the application.
3. The applicant must provide three copies of a boundary survey and a metes and bounds description of the land for which the Conditional Use Permit would apply.
4. The applicant must provide the names and addresses of all adjacent property owners, including those immediately across the road(s) from the property. This list is used for the notification to the adjacent owners of the public hearing.
5. The applicant must provide a General Development Plan (GDP) drawn to standards in Article 13 of the Zoning Ordinance.
6. If available, it is recommended that the applicant(s) include architectural renderings that show building materials, building heights, site design amenities, etc. Staff may ask this to be submitted by the applicant(s) on a case-by-case-basis.
7. The applicant must submit impact statements with the application. Impact studies must address traffic volumes, public utility capacities, noise, dust and smoke emissions. A Transportation Impact Analysis (TIA) is required for all projects that meet the following criteria:
 - generate 150 or more vehicle trips per day above the existing use, and
 - the site would meet the VDOT requirements for TIAs under 24 VAC 30-155 or Stafford County Rezoning TIA requirements.Proffers or conditions which limit the vehicle trips per day may be taken into consideration when calculating the maximum development. The TIA shall be developed in accordance with the guidelines established in 24 VAC 30-155.
8. Applications are due the third Friday of any month. Public hearings are required by the Planning Commission and Board of Supervisors. Public hearing dates will be determined based on application filing date, date application is deemed complete, and available meeting dates.

Waiver of GDP Requirements

In accordance with Section 28-223 of the Stafford County Code, the Director of Planning and Zoning may waive the requirement for the submission of a GDP if the application meets one of the following standards:

- (1) There will be less than two thousand five hundred (2,500) square feet of total land disturbance on lots or parcels of less than ten thousand (10,000) square feet.
- (2) For single-family dwellings intended for the occupancy of the applicant and where there will be less than five thousand (5,000) square feet of land disturbance.
- (3) For specific items of information when, in the opinion of the director of planning, their application to the subject property does not serve the purpose and intent of this article.

A request for a waiver shall be made in writing to the Director of Planning and Zoning identifying the sections in which you are requesting a waiver and the reason for the request.

22 Peak Saturday (VPH) ← $\left\{ \begin{array}{l} 86 \text{ trips per day} \\ \text{Open } 10 \text{ am} - 5 \text{ pm} \\ \text{Assume } 25\% \text{ of daily trips in peak hour} \end{array} \right.$
276 VPD highest intensity*

Attach a page showing the calculations and the ITE trip generation codes to this form.

Minimum Thresholds to submit a TIA

Any proposal that generates 150 or more vehicle trips per day above the existing use, and the site meets the VDOT requirements for TIAs under 24 VAC 30-155 or Stafford County Rezoning TIA requirements. See "VDOT Traffic Impact Analysis Requirements" table on next page.

Trip Generation Calculation Guidelines

- Traffic volumes shall be based on the rates or equations published in the latest edition of the Institute of Transportation Engineers Trip Generation.
- If a site has multiple entrances to highways, volumes on all entrances shall be combined for the purposes of this determination.
- If the site does not have direct access to a state maintained road, the site's connection is where the site connects to the state highway system.
- Traffic volumes shall NOT be reduced through internal capture rates, pass by rates, or any other reduction methods.
- For redevelopment sites only: when the existing use is to be developed at a higher intensity, trips currently generated by the existing development that will be removed may be deducted from the total trips that will be generated by the proposed land use.
- When rezoning, use the highest possible traffic generating use unless development is limited by proffer to less than the possible highest traffic generation.

For development proposals that generate 1000 or more vehicle trips per peak hour the applicant shall request a scope of work meeting with VDOT and Stafford County Office of Transportation to discuss the required elements of a traffic impact analysis.

*The highest intensity use is the highest possible use allowable under the zoning requirements for the entire property should it be developed to its fullest extent possible under the current building guidelines. The only exception is if proffers limit the area and type of uses.

VDOT Traffic Impact Analysis Requirements

Process		Threshold	Review Process*	Fee**
Comprehensive Plan and Plan Amendments (including small area plans)		5,000 VPD on state-controlled highways, or Major change to infrastructure / transportation facilities	Application submitted to VDOT for review and comment VDOT may request a meeting with the locality within 30 days Review to be completed in 90 days or later if mutually agreed	\$1000 covers first and second review. No fee if initiated by locality or public agency. No fee for citizens' organization or neighborhood association proposing plan amendments.
Rezoning	Residential Low Volume Road Submission	400 VPD AND exceeds the current traffic volume on a state controlled highway	VDOT or local TIA (certified by VDOT) and Application submitted to VDOT for review and comment VDOT may request a meeting with the locality & applicant within 45 days Review to be completed in 120 days if VDOT requests a meeting Otherwise review to be completed in 45 days	For first and second review: \$250 - Low Volume Rd \$1000 – All other submissions
	All Other Land Uses including residential	5,000 VPD on state controlled highways, or 5,000 VPD on locality maintained streets AND within 3000 feet of a state controlled highway	NOTE: When a related comprehensive plan revision and rezoning proposal are being considered concurrently for the same geographical area, then only a rezoning TIA package is required.	No fee if initiated by locality or public agency No fee if using a VDOT TIA prepared for a small area plan

* For proposals generating less than 1000VPH the locality and/or applicant may request a Scope of Work Meeting with VDOT. For proposals generating 1000 VPH or more the locality and/or applicant shall hold a Scope of Work Meeting with VDOT.

** Third or subsequent submissions require additional fee as though they were an initial submission.
